

# MMA/PA medi15

750 g  
30 per 25 g

MMA  
/PA

3+

Amino acid mixture free of methionine, threonine, valine and with low isoleucine content, supplemented with vitamins and minerals, indicated for the dietary treatment of methylmalonic acidemia/propionic acidemia.

- » INDICATIONS** For the dietary treatment of children from three years of age upwards and of adults with known methylmalonic acidemia/propionic acidemia.
- » DOSAGE AND ADMINISTRATION** According to the physician's prescription, taking into account age, body weight, and clinical condition of the subject.
- » INSTRUCTIONS FOR USE** Dissolve one sachet of MMA/PA Medi 15 in approximately 80 ml of water or other allowed liquids. MMA/PA Medi 15 can be flavored to taste. Once reconstituted, the product should be consumed immediately. When necessary, the reconstituted product can be kept for up to 24 hours in the refrigerator and mixed well before use.
- » STORAGE CONDITIONS** Store the product in a cool and dry place, away from light and sources of direct heat. MMA/PA Medi 15 are single-dose sachets. Any prepared and unused product can be stored in the refrigerator and used within 24 hours. The expiry date refers to the product in an unopened, correctly stored package.
- » IMPORTANT WARNINGS** MMA/PA Medi 15 must be taken only under medical supervision by individuals with known methylmalonic acidemia/propionic acidemia. MMA/PA Medi 15 must not be used as one's only source of food. The product can result in health risks if taken by individuals who do not have the specific disorder for which it is indicated. Keep out of the reach of children.
