>> DOSAGE AND ADMINISTRATION

According to the physician's prescription, taking into account age, body weight, and clinical conditions of the subject.

» INSTRUCTIONS
FOR USE

TYR Medigel can be consumed as either a gel or a beverage. To make a gel: pour the contents of one MSUD Medigel sachet into a glass; if desired, add flavor to taste; add approximately 30 ml of cold water; mix well for about 10 seconds; to obtain a creamy gel. let it stand for about 2 minutes.

To make a drink: pour the content of a MSUD Medigel sachet in a glass; if desired, add flavor as preferred; add around 80 ml of cold water; mix well for around 10 seconds; drink immediately.

MSUD Medigel can be consumed as is with a spoon or mixed with other allowed foods. For best results, where possible, MSUD Medigel should be prepared and consumed immediately. When necessary, the reconstituted and unused product can be kept for up to 24 hours in a refrigerator and mixed well before use. Once opened, the powder in the pouch should be completely consumed. Any excess product can be stored in a refrigerator and used within 24 hours.

>> STORAGE CONDITIONS

Store in a cool and dry place, away from light and sources of direct heat. The expiry date refers to the product in an unopened, correctly stored package.

» IMPORTANT WARNINGS MSUD Medigel must only be taken under medical supervision by individuals with known leucinosis. MSUD Medigel cannot be used as the sole source of nutrition. The product can result in health risks if consumed by individuals who do not have the specific disorder for which it is indicated. Keep out of the reach of children.
