

AngioMix D

AngioMix D is a dietary supplement that contains μ min® Plus (Micronised diosmin), *Vitis vinifera*, *Centella asiatica*, *Aesculus hippocastanum* and *Andrographis paniculata*, useful in the event of an increased demand for these nutrients.

AngioMix D is characterised by the presence of μ min® Plus (Micronised diosmin) and of *Vitis vinifera*. *Vitis vinifera* is known for its antioxidant action, which combats the action of free radicals. The composition also contains plant substances such as *Centella asiatica* and *Aesculus hippocastanum* in addition to *Vitis vinifera*, which promote microcirculation.

Why circulation and microcirculation are important.

An intact vascular system maintains proper circulation in the skin, subcutaneous tissue, limbs, heart, ear, eyes and brain.

INGREDIENTS

μ min® Plus

μ min® Plus is a branded composition that contains Micronised diosmin in granular form with a better technological profile.

Vitis vinifera

The dry extract obtained from *Vitis vinifera* seeds has important antioxidant properties and is useful both for promoting microcirculation and supporting the cardiovascular system.

Centella asiatica* and *Aesculus hippocastanum

The dry extract obtained from *Centella Asiatica* leaves and the dry extract obtained from *Aesculus hippocastanum* bark promote microcirculation.

Andrographis paniculata

The dry extract obtained from *Andrographis paniculata* tops promotes the body's natural defences.

DIRECTIONS

Take one tablet per day with a little water, in the morning after breakfast. *AngioMix D* can also be taken in the evening as it does not contain plant extracts that cause insomnia. *AngioMix D* can be taken on an ongoing basis as it does not contain plant extracts that can cause accumulation.

CAUTION

Dietary supplements should not be used as a substitute for a varied, balanced diet and a healthy lifestyle.

Do not exceed the recommended daily dose. Keep out of reach of children under the age of three. Store in a cool dry place away from light and from direct heat sources. The date of minimum durability refers to the product when properly stored in an unopened package.

GLUTEN-FREE.
