

Phenylalanine-free amino acid mixture for the dietary management of phenylketonuria.

» INDICATIONS

For the dietary management of adults and children over the age of three, with confirmed hyperphenylalaninemia including phenylketonuria and maternal phenylketonuria.

» DOSAGE AND ADMINISTRATION

Following the physician's prescription, taking into account age, body weight and clinical conditions of the patient.

» INSTRUCTIONS FOR USE

Dissolve one sachet of Afenil® Lime in approximately 80 ml of water or other allowed liquids. Once reconstituted, the product should be consumed immediately. When necessary, the reconstituted product can be kept for up to 24 hours in the refrigerator and mixed well before use.

» STORAGE CONDITIONS

Store in a cool and dry place, away from light and sources of direct heat. The expiry date refers to the product in an unopened, correctly-stored package.

» IMPORTANT WARNINGS

Afenil® Lime must only be taken under medical supervision by individuals with confirmed hyperphenylalaninemia, including phenylketonuria. Afenil® Lime cannot be used as one's sole food source. The product can result in health risks if consumed by individuals who do not have the specific disorder for which it is indicated. Keep out of the reach of children.
